Pop Up S10

A wonder wall of great design.

NO DOUBT, THE POP UP S10 is our most interesting new product, setting a new standard for Pop Up systems. Uncompromising design meets the most user friendly solution on the market today. We have carefully selected materials that meet the highest demands and a new smart magnetic system provides for quick and easy assembly.

All locks and hooks have been replaced with innovative super magnetic solutions.

A complete Pop Up S10, including accessories, easily fits in a transport case on wheels.

Assembly Instruction

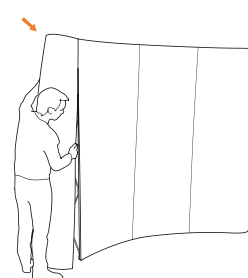

Front panels: Start by mounting the supplied top and bottom strips to the back of the graphic panels according to the image above. Then carefully mount the magnetic tape along the sides of the panels.

Side panels: Mount the corner strips to the top corners of the side panels according to the image above. Carefully mount the magnetic tape as in the previous step.

Mount the front panel first by starting with the top corners. Then guide the graphic panel towards the bottom by centering it on the magnetic bars.

The side panels are attached last in the same way as the front panels. Manually curve the panels to make them easier to attach.
